PROFESSIONAL EXPERIENCE

Product Manager Intern

May 2026 – Present

Dropdev | El Paso, TX

- Synthesized 7 partner requests and feedback sessions into a prioritized roadmap spanning 5 sports, selecting 3 high-impact capabilities to expand RefCheck AI beyond its MVP.
- Partnered with 2 engineers to translate the customer review journey into a 4-stage workflow and 3-outcome verdict model, delivering implementation-ready requirements for features shipped through ongoing production releases.
- Prioritized 3 features using customer value, technical feasibility, and AI-explainability tradeoffs, aligning release criteria and resources.

Accounting Intern

February 2026 – Present

Gonzalo Salas CPA | El Paso, TX

- Coordinated 35+ tax and payroll deliverables, tracking deadlines and resolving discrepancies to ensure accurate, on-time filings.
- Managed workflows across 15+ client accounts, identifying data gaps and prioritizing corrective actions to improve reporting accuracy.

Undergraduate Assistant

July 2024 – February 2026

Student Business Services, UTEP | El Paso, TX

- Resolved 500+ monthly customer inquiries across tuition, refunds, and payment plans, delivering accurate, policy-aligned outcomes.
- Improved financial accuracy by 15% by analyzing reconciliation discrepancies, identifying root causes, and coordinating corrective actions.

TurboTax Product Expert

2024 Tax Season

Intuit | Remote

- Guided 13 customers daily through TurboTax workflows, translating complex tax questions into clear product and data-entry decisions.
- Resolved complex product issues while maintaining 95% CSAT, strengthening customer trust and filing accuracy.

PROJECTS

Product Manager & Builder

July 2026 – Present

Microsoft Financial Intelligence Platform | Independent Project

- Defined the target user, product vision, MVP, and success criteria for a 3-view financial intelligence platform, replacing manual SEC filing reconciliation with executive-ready quarterly insights.
- Transformed 222 validated SEC data points spanning FY2010–FY2026 into 6 executive KPIs, shipping a live Streamlit dashboard and Power BI report as a centralized source of truth.
- Defined logic to select correct fiscal periods and derive missing standalone results from inconsistent SEC filings, preserving KPI accuracy.

LEADERSHIP

President, Women in Business Association

May 2025 – Present

The University of Texas at El Paso | El Paso, TX

- Led a 13-officer team serving 50+ members, aligning owners and resources to execute chapter initiatives.
- Directed 12 career programs and partnerships, increasing member professional engagement by 30%.

Vice President of Internal Affairs, ALPFA

January 2026 – Present

The University of Texas at El Paso | El Paso, TX

- Built engagement tracking for 60+ members, translating participation data into targeted outreach and chapter decisions.
- Designed a mentorship program using 4 matching factors and monthly check-ins, creating a scalable member-development model.
